

# Do You Model Your Business Processes?

## Are You Able To:

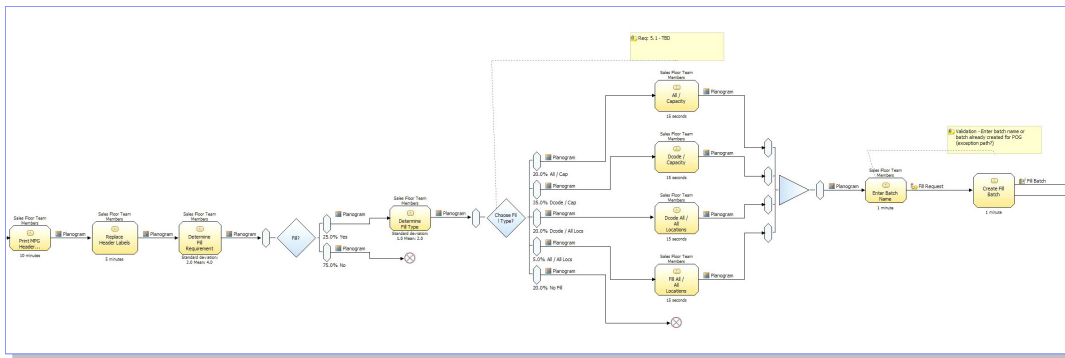

- Identify redundant component of your policy administration process?
- Identify bottleneck of the credit check and risk assessment process?
- Streamline claims processes to ensure customer's satisfaction?
- Respond to internal or external audit about a specific claim settlement process?
- Change the risk assessment process if government were to announce new regulation and ruling for policy holders?

**Panic No More. It's Time to Change.**

**WebSphere Business Modeler Advanced** is business process designer and simulator. it helps to fully visualize, comprehend, and document your business processes by providing comprehensive and user-friendly modeling and collaboration capabilities for both Line-of-Business and IT personnel.
